

REGISTRATION AND PAYMENT POLICY

Online registration via the ZIWA website is ZIWA's preferred method of registration.

Registrations for all ZIWA Events/Activities/Meetings must be made no later than the stated deadline date and via the registration process. Registrations and Payments must follow the instructions given for each specific Event/Activity/Meeting.

Registration is not valid until payment has been received by ZIWA. The fee/admission price is due for payment with the registration and the amount must be received into ZIWA's account within 3 banking days from the registration date regardless of the payment method chosen.

For online registrations members will be asked to indicate their choice of payment: Online payment via credit card (MasterCard, Visa, American Express); Payment by e-banking; or payment by Einzahlungsschein (payment slip).

Members who pay online with a credit card will receive immediate confirmation of their registration and payment, together with the receipt of their online payment.

Members who register and choose to pay via e-banking or by PostFinance/Payment Slip (Einzahlungsschein) will receive a confirmation of registration with the notification that "to secure your registration" it is required that your payment be received within 3 banking days of your registration. Failure to do so may lead to your registration being cancelled.

All Registrations are taken in order received. In case of overbooking, the members will be notified that their registration request is being put on a waiting list.
